

KARRIEREENTWICKLUNG WORKSHOP

FOR PROFESSIONAL DANCERS (IN ENGLISH)

THURSDAY, 20TH JUNE 2019, 16.30, VIDMAR +

A professional dancing career is short and most dancers have no other education that would enable them to reposition themselves in a new working field. This workshop explores career transition and development. It doesn't matter in which phase of your career you are. It's important to think about individual development within or outside of dance.

- › **GET INSPIRED** Speed-Dating with dancers who successfully pursued a new career
- › **REFLECT** on your own achievements, strengths and discover your transferable skills
- › **SHARE** ideas and take advantages of other experiences and networks

SWISS FOUNDATION FOR THE RETRAINING OF PERFORMING ARTISTS

The Foundation for the Retraining of Stage Artists was founded in 1993 by the Schweizerischer Bühnenkünstlerverband SBKV and has been operating under the new name Swiss Foundation for the Retraining of Performing Artists (SSUDK) since 2013. The purpose of the Foundation is to provide advice and support to performing artists, in particular in the career transition of dancers in German-speaking Switzerland, Ticino and Liechtenstein. Launched in 2016, the Transition Center SSUDK is positioned at the interface of career development. This includes raising awareness of the transition issue and support before, during and after the career with a permanent contact point.

WITH Oliver Dähler, Executive Director SSUDK and former dancers who successfully transitioned to a new career

Participation is free. Sign up via tanz@konzerttheaterbern.ch
